

Purpose: "Propempo" means "to send forward fully equipped". Propempo International helps you and your local church become more effective in fulfilling the Great Commission for the glory of God

Propempo works primarily with and through local churches to expand biblical understanding and vision for their congregation's ownership of strategic missions involvement. Propempo provides consultation and training for developing strategic focus, then continues with missionary training and counseling, especially for challenging fields. We have a long-term commitment to raise up solid, pioneering, church planting teams for North Africa.

Key goals:

- Dramatically improve Propempo website resources, usability, and effectiveness to expand both quantity and quality of service to our constituents
- Develop new staff to handle first and second tier ministry service calls to inquirers and churches needing Propempo's help
- E-publish Propempo diagnostic, training, and teaching resources
- Promote and market the above

See: <http://www.Propempo.com>

Potential areas of collaboration:

- Affiliate contributors for Propempo forum and community sections
- Personnel references and referrals for Propempo staff, affiliates, & volunteers
- Sharing and convergence of mutually parallel training materials and experiences
